

Welcome to Spain!

AT YOUR HOTEL OR HOLIDAY FLAT

- Never leave money or valuables lying around. Use the safe for this purpose.
- In public places always keep your luggage and personal belongings in sight.

ON THE STREET

- Keep an eye on your belongings.
- Take special care of your handbag or wallet in crowded places.
- When going to the beach or swimming pool, take along the bare essentials.
- Protect your video or camera at places of entertainment.
- Avoid street gambling stalls. They are a fraud.
- Be wary of suspiciously helpful gestures (unsolicited warnings as to stains on your clothing or damage to your car, etc.)
- Steer clear of easy business propositions. They could well be a swindle.
- Should you be using a vehicle of any kind, never leave any objects of value in sight.

**Should you be the victim of any crime, seek help by calling 091
